Review of SBT Fisheries and ERS Interactions

Purpose

To provide an opportunity for discussion by Members on recent activities in the fishery.

Background

All Members are requested to provide annual reports to the Compliance Committee and the Extended Commission in accordance with the new template agreed at CC 14 and adopted at CCSBT 26, which is available at:

https://www.ccsbt.org/userfiles/file/templates/Annual_CC-EC_Reporting_Template.docx

At the meeting, the annual reports will be assumed to have been read. This agenda item is for questions, comments and follow-up discussion in relation to the reports.

The reports for this agenda item are provided as “CCSBT-CC/2010/SBT Fisheries” in the meeting document list.

In addition to the general review of SBT fisheries, a sub-agenda item has been included for Members to report on any projects they have conducted and for subsequent discussion in relation to these projects. For 2020, this includes reports on progress in relation to farm and market uncertainties by Australia and Japan respectively.
