

CCSBT-EC/0710/22

14. Scientific Research Program (SRP)

Purpose

To consider the Review of SRP conducted by the Extended Scientific Committee

Discussion

The Review of the SRP is contained within the 12th Scientific Committee Report which is presented to this meeting as CCSBT-EC/0710/Rep11.

- A Review of the SRP was conducted by the ESC in 2007. The last Review was in 2003
- The independent ESC Chair will provide a verbal presentation of the Committee's recommendations concerning the SRP for consideration by the Extended Commission.
- One of the recommendations of the ESC is that the CCSBT tagging programme not proceed in 2007 and the Secretariat has removed this item from the 2008 budget.

For consideration
